Summary

I'm a science-driven engineering student with a fervor for technology, particularly in Cybersecurity and Ethical Hacking. I've explored over five operating systems, deepening my grasp of the digital world. My strong academic performance reflects my zeal for learning. As a coding enthusiast, I thrive on tackling complex challenges, perpetually hungry for tech knowledge. Entrepreneurship is another passion, and I aim to leverage my tech skills to innovate in the realm of Cybersecurity and Ethical Hacking. My journey is defined by a relentless pursuit of knowledge, a profound love for tech, and an unyielding passion for innovation.
